

Attacking Pivots

play starts with a ball in from the outside to the furthest player back in the center, that player passes out to the opposite side. The player who passed the ball in initially makes a run in centrally towards the attackers space. The attacker moves out wide to balance the field and draw a marking player out of position to give the player running centrally some space to move into.

Focus:

- Passing accuracy
- Movement off movement- adjust your position to benefit your team
